What is the Academic Enrichment Program?

Focus of the Program

- Develop students who have a strong work ethic, welcome problematic situations, accept ambiguity, and seek alternative possibilities.
- Provides rich and rigorous activities and experiences that supplement the Alberta curriculum
- Focuses on analytical thinking and writing skills.
- Fosters leadership and global citizenship through engaging and rigorous learning experiences rooted in competency development (Problem Solving, Creativity & Innovation, Collaboration, Managing Information, Critical Thinking, Personal Growth & Well-Being, Communication, Cultural & Global Citizenship), conceptual understanding, and authentic learning

Elements of the Program

- Close links to senior high schools offering Advanced Placement or International Baccalaureate programs
- Use of primary resources and effective questioning
- Creation of learning environments that encourage students to take intellectual risks, formulate questions, draw inferences, and construct solid verbal and written arguments
- Students will be involved in active, high-level learning which will foster an appreciation of quality work and diligent effort.

Target Students

- Intended for all junior high students who want an academically rigorous and challenging program
- Based on motivation, work ethic, and performance-based criteria, including a Teacher Recommendation

2. TEACHER RECOMMENDATION FORM

Applicants must ask their current teacher to contact the Academic Enrichment Program Coordinator, Eleni Decker, at eleni.decker@epsb.ca to obtain the electronic **Teacher Recommendation Form**. The form must be completed by the applicant's teacher and returned electronically.

3. PARENT RECOMMENDATION FORM

Parents: Please complete this form as a portion of the Academic Enrichment Program application process.

Student Profile for the Program

This program is appropriate for those students who are:

1. interested in academic activities, learning new concepts, self-motivated, and have a strong work ethic
2. curious and look for answers in new settings
3. interested in participating in a program that focuses on inquiry, critical thinking, problem-solving, and collaboration
4. demonstrating either near honours or honours as reflected in: classroom marks, literacy and numeracy assessments, observations made in and out of the classroom, and conversations students have with peers and teachers

Parent Support:

Based on the extent to which your child demonstrates the characteristics in the Student Profile as described above, describe why you believe the Academic Enrichment Program would be a good match for your child?
